

Teachers are encouraged to nominate exceptional examples of student-created videos to be included on the Loudoun Creates YouTube channel. These videos will be available on the YouTube channel, and all videos included in the Loudoun Creates YouTube channel will also be available to the world through <http://www.lcps.org/loudouncreates>

If you are considering nominating a video for the Loudoun Creates channel, please review the following criteria.

Remember, that **all** student-created videos can be highlighted and shared on your school's *Creates* Youtube channel. Please ensure that any videos shared on Youtube do not include copyrighted material and all included students have a media release on file.

	Yes	Not Yet
<b>Quality of Content</b>		
The video was created by student(s).		
The video deals with content related to the curriculum.		
The video is creative and engaging.		
The content covered in the video is accurate.		
The intended audience would find the video useful and/or entertaining.		
<b>Quality of Production</b>		
The audio is clear and easy to hear.		
Background music (if used) is at an appropriate volume and complements the video.		
Video is in focus, and shots are smooth and steady (not too shaky).		
<b>Respect for Copyright and Privacy</b>		
Music, images, or footage used in the video are not copyrighted, and are cited on a credits screen.		
Student first and last names, or other identifiable information, are not used in the video.		
Students who appear in the video have a media release on file.
